

DREXI IS

Revolutionizing Pharmacy Benefits

At Drexi, we're revolutionizing the pharmacy benefit management (PBM) landscape with a bold commitment to excellence and integrity. We're not just another big box shop; we're your trusted ally. We blend our unique ability to achieve significant savings with a personalized touch that prioritizes member-centric care, ensuring each outcome is tailored to meet the individual needs of our plans and members.

Navigating the complex world of health plans for self-funded employer clients can be daunting. The maze of unclear pricing, hidden fees, and uncertainty about how to best prioritize employee well-being is a constant challenge.

Enter Drex*i*. We're a PBM built for brokers like you. We understand the unique challenges faced in the self-funded employer space, and we have customized solutions just for you that will make your job easier and more enjoyable.

The Drex*i* Difference

At Drex*i*, every detail is meticulously managed in-house, ensuring seamless control over the entire service delivery for both members and clients.

This hands-on approach eliminates the exorbitant costs associated with outsourcing, allowing for more significant savings to be passed back to the plans, ultimately benefiting the members. Drex*i* embodies a genuine commitment to care and excellence, making a real difference in the lives of those served.

Why Choose Drex*i*?

Drex*i*'s solutions are engineered to maximize the value of clients' healthcare investments, no matter their structure. With guaranteed savings, member-centric practices, exceptional support, and relentless innovation, Drex*i* isn't just a PBM – it's the ultimate ally for brokers and consultants. We're here to save your clients money, and let's face it, that's going to make you look like a hero.
