### Discounts on laser vision correction

Everyone's talking about laser vision correction, especially LASIK, a procedure that has enabled millions of Americans to significantly reduce or totally eliminate their need for glasses or contact lenses.

With the VisionSavings Eyecare Program, employees and their dependents are eligible for savings on LASIK and PRK procedures.

- **Accessibility** – Employees have access to more than 600 laser providers through The U.S. Laser Vision Network (USLN), owned and administered by LCA-Vision.
- **Quality** – Surgeons are certified through a credentials verification organization that is accredited by a nationally recognized agency.
- **Choice** – By combining LasikPlus® Vision Centers with independent surgeons, employees have the broadest choice of laser technology in the industry.
- **Service** – The call center is staffed exclusively with laser vision correction trained representatives six days a week.
- **Affordability** – Employees and their dependents qualify for 15% off “Standard” or “Usual & Customary” price or 5% off any promotional price, discounts not available to the general public.

<sup>1</sup> The VisionSavings Eyecare Program is offered through EyeMed Vision Care, Mason, Ohio. EyeMed Vision Care is not affiliated with Metropolitan Life Insurance Company and its affiliates.

<sup>2</sup> Some Pearle Vision franchises do not participate.

LCA-Vision and the associated laser providers are not affiliated with Metropolitan Life Insurance Company and its affiliates. Participating providers are independent contractors solely responsible for vision examinations and products.
