

Unlimited annual maximum

Dental insurance, not just a dental plan

Humana's **Unlimited annual maximum** option helps employees get oral healthcare when and where they need it, and avoid the potential risk of more serious health conditions. When employees have access to the preventive, basic and major care in their plan, without worrying about exceeding an annual maximum, they don't need to put off their dental care.

Unlimited annual maximum simplifies your dental benefit program by replacing the need for an extended annual maximum by offering unlimited coverage with coinsurance for covered preventive, basic and major care.

Plus, this unique option differentiates your dental plan from industry peers offering rollover plans and may help you recruit and retain employees.
